**I would highly recommend the Kuykendall's for your real estate needs. As this was my first home buying experience, I required a lot of hand holding. Both Kurt and Kris were up front and honest with me throughout the entire process. It was virtually stress free. I left closing thinking "That was it? Why didn't I do this sooner?"**

**Kristen**

**Kurt & Kris provided a superior level of service in my home buying process. As a first time homebuyer, I had a lot of questions and concerns. They truly made me feel that no question was inappropriate and explained everything in great detail... I highly recommend Kurt & Kris and look forward to using them in my next real estate transaction.**

**Kurt and Kris Kuykendall of Remax Distinctive make purchasing or selling a home as smooth and enjoyable as humanly possible. I have sold and purchased homes in many markets, these two are by far the best at what they do. They have a very documented process that they follow which makes it easy for the first time buyer or seasoned veteran to understand how they determine the values they present. I will always come back to them for my real estate needs.**

**Thank you for all of your help during the process. Although there were a couple of bumps along the way, I had a constant peace which is very unusual for me. Your service in the market place is characterized by rare qualities rarely found these days. You specifically bring integrity, patience and genuine care to the table. These traits were, without doubt, a contributing factor to the smoothness and efficiency with which things were addressed and tackled and the peace I personally experienced.**

**Thank you SO much for helping me find the home of my dreams at a price I could afford and making the process so much fun! This being my first home purchase, I must admit that I was pretty nervous. Being very thorough and analytic, I had a lot of concerns. But you guys carefully & methodically alleviated every one of them, helping me on every level, spiritually, practically, financially, mentally, emotionally - I don't know if you could have served me better! Kurt's knowledge, wisdom & experience and humility to seek the Lord's guidance gave me so much peace and confidence. And Kris' keen attention to detail and calm and patient demeanor were especially crucial as closing day approached.**

**I would recommend you guys to any of my friends and already have! My friend, CJ Waldron had already spoken to you a while ago but I urged him all the more to go with Kurt & Kris when it came time for him buy his first home and he's so glad he did. I've told others about you as well and will continue to in the future!**

**God bless you guys and thanks for the continued follow-up and care! I feel like I've not only found my realtors for life but made some very good friends and brothers in Christ.**

**I just recently bought a house in the Herndon area, and I would definitely recommend using the Kuykendalls for any real estate needs. Their knowledge in the field is exceptional; they were highly organized, and they paid close attention to details every step of the way. Best of all, they prepared me for each step of the process. I can't overestimate how nice it was to have confidence that nothing would be missed.**

**We recently sold our condo and bought a house with Kurt and Kris. We were very pregnant with our second child and intimidated by the entire process, but Kurt and Kris guided us systematically through it, and we couldn't be happier in our new home! Our condo was only on the market one day when it sold at the listing price. Then they guided us through a decision-making process that led us to the perfect home consistent with our goals and priorities.**

**We loved working with the Kuykendalls. They communicated regularly with us and were very attentive to the many details involved with selling and buying a home. We have been recommending their service to all our friends looking to move and would happily use them again. Having multiple members on their team made them available on a daily basis and I had confidence in knowing that they were handling every detail. They prepared us every step of the way so there were never any surprises. The Kuykendalls were honest, interested, and transparent, and they made selling and buying a home a time for celebration!**
