

Imagine.....new world comforts and convenience fused with old world attractions of parks, the arts, and cultural diversity. Modern style with charm and character. Now picture yourself immersed in this exciting new life that we like to call **"Our west end world"**

Our world of potential....

To be situated on the river and in West End is to be doubly blessed. For one, riverfront property has enjoyed a better than average growth in value and, secondly urban planners are fully committed to the future of the West End peninsula as a city-fringe revitalization precinct. This is the place and now is the time to move.

Our world of living.....

Riverpoint Apartment is perfectly situated in the tranquil South-western pocket of West End, where the river curves luxuriously around beautiful Orleigh Park. Right on your doorstep can be found a vivid river life. Water sports, roving regattas, and the historic South Brisbane Sailing Club whose white sabot sails fill the Toowong Reach when that gentle breeze is just right. Riverpoint Apartments is also poised at the undisputed cultural hub of Brisbane.

Our world of design....

Comprising of 297 luxury apartments over eight buildings and situated on the river verge, Riverpoint Apartments is an elegant statement of symmetry, its parts blending harmoniously with the intimate scale of the adjoining residential precinct.
