

SOLUTIONS FOR THE HOSPITALITY INDUSTRY

FURNITURE, FIXTURES & EQUIPMENT

CONSTRUCTION MATERIALS

Interior Solutions, LLC is a top value provider of Furniture, Fixtures and Equipment (FF&E) and construction materials for the hospitality industry. Our emphasis is on quality, durability, cost effectiveness and fast lead time for new construction and renovation projects. Our clients receive the benefit of our national contracts and purchasing power with major suppliers.

Our purchasing department will bring your design concepts to reality. We are continually growing and building relationships with vendors around the world to provide our clients with the highest quality products at the most competitive pricing in the industry. The procurement team will ensure timely delivery of your FF&E and construction materials that will keep your project on schedule. Through our partner affiliations we can also arrange for construction management, financing, warehousing and installation to provide you with a seamless solution to your project needs.

We can supply all or part of the FF&E and construction material for the client. From negotiating with vendors to achieve the best pricing and value at the beginning of the project, to managing the order and delivery details through a state of the art web based inventory management system, to coordination with General and Installation contractors – we do what it takes to assure on-time, quality delivery and implementation.
