# *Art & Architecture IV*

The Art League of the Madison Museum of Contemporary Art is hosting its 2007 spring tour in selected customized homes at the bold, new aluminum-clad Marina Condominiums on East Wilson Street. As the fourth-in-a-series, this event follows the previous popular and very successful tours at Capitol Point, 100 Wisconsin, and the restored Hedberg home in Maple Bluff.

This year *Art & Architecture* returns to downtown Madison and features the art collections and unique architecture of six distinctive Marina homes. Many of these homeowners “bought a box” and have totally customized their interior designs to display their collections to optimum advantage. A Patron Reception for our patrons, hosts, and sponsors follows the final tour in a seventh exceptional home where an extensive lakeside terrace overlooks Lake Monona. Wine and a light Sunday supper will be served.

We are extremely grateful to our volunteers and all who have supported this fundraising event, which benefits the exhibitions and education programs of the Madison Museum of Contemporary Art.
