

Ms. Rucker
110 Windalier Ridge, Peachtree City

As a single retired nurse living in Peachtree City who knew nothing about marketing a home for sale, I was very fortunate to engage Jeff and Christine to help me sell my home. I felt like they cared about me.

I had spent time and money to prepare my home for sale based on the knowledge that I had. When I met Christine, she wanted to help me prepare my home for sale, but I thought that I had it managed. So I listed my home with Peachtree Fine Properties.

They took it personal. It was about me achieving my goals of selling my home. I was amazed at how much time and effort they spent and no details were missed. They continued to support and help me. They would follow up with real estate agent showings and provided feedback. They made specific recommendations based on the feedback.

At the end of the day, the result was, they sold my home. I can now move on with my life to enjoy my retirement.

Sincerely,
