

# PrimeSource Real Estate

Providing Comprehensive Real Estate Services to Home Buyers and Sellers

## Why join PrimeSource Real Estate?

Get paid your commissions at the closing table.

### **100% commission at the closing table!**

Some companies make you wait up to 10 days after you close on a property to send you your check. We don't think that's very fair.

You worked hard on getting that property to the closing table, and we are sure you'd want your commission the very same day. It just makes sense.

That's why we offer you: **100% commission at the closing table!**

## **Real Estate Office Space.**

Some say working in an office is passé. We could agree with that, however, if you need to come to the office you will have access to everything you may need. Our office is a state-of-the-art facility fully equipped with everything a realtor may need.

At **PrimeSource** you may work from home, if you'd like. You may send us everything via fax or email and not even come to our office if you don't want to. We don't force you to do any office time nor attend boring meetings. You can use the office whenever it's convenient to you.

**Broker/Owner Shana A. Larson** recognizes the importance of providing cutting edge technology, innovative marketing and lead-generation to new **Real Estate Agents**. Also an efficient, safe, yet comfortable workspace where Agents can thrive their own Real Estate expectations not as members of a sales force but as professional partners.

We take responsibility for providing them with the infrastructure of personal and professional support necessary to help them prosper. Giving our Agents the best tools and plenty of freedom and motivation to succeed, we all win. Our real estate company's main strengths are integrity, honesty, efficiency and high-end technology. We are proud of it. Our reputation depends on it and it is built on it.
